EasyClip, AlphaSnap, 6C08 modules

Dear Customer,

HellermannTyton Connectivity will be discontinuing its range of Easy Clip, Alpha Snap and 6C08 IDC punch down modules.

Reason for withdrawal

These products have been superceded by a new HTC product range.

Customer communication

Please review the product range appendix and advise any customers that may still use any of these item(s) of its withdrawal. Please remove all marketing from digital and printed media with immediate effect.

Please note only orders for standard run rate business to be produced and delivered in August will be accepted. HellermannTyton cannot support large volume requirements for these products.

Time Schedule

All products from the appendix list will no longer be available for sale as of **July 20th, 2022**. HellermannTyton will continue to accept purchase orders up until this date. Any orders received after July 20th, 2022, will not be accepted.

All outstanding orders will be produced and delivered by no later **August 31st 2022.**

New HTC Modules

A new range of HTC Euro and 6C modules will replace the EasyClip / AlphaSnap module and 6C08.

- The new HTC Modules will be available in CAT6 UTP WHITE.
- The Euro module 50x25mm is a direct replacement for the EasyClip range.
- The HTC 6C module 38.5x25mm is a direct replacement for the 6C08 product.
- There is no direct replacement for the AlphaSnap module, this requirement has been consolidated into the new HTC Euro module.
- Both Euro and 6C modules are now packed and sold in boxes of 50pcs
- The Euro module is compatible with HTC mounting hardware
- Note the 6C is not compatible with the POD (POD now comes with 6C Keystone adaptors as standard)

Code	Description	Box QTY
HTC-C6U-EM50/WH	HTC CAT6 UTP 50x25mm Euro Module - White	50PCS
HTC-C6U-6C50/WH	HTC CAT6 UTP 38.5x25mm 6C Module - White	50PCS
