

CCT Clear Connection Tool

HT-FPC-CC125, HT-FPC-CC250, HT-FPC-CCMPO

Application/Product Description

The End Face Click Cleaner Tool is the easy to use cleaning tool for fast and reliable end face cleaning. End faces in bulkheads or on cable assemblies are both effortlessly cleaned the first time . . . every time.

The End Face Click Cleaner Tool has an easy to use mechanism that advances fabric over a cleaning tip with just a short push and click of the tool. Using the End Face Click Cleaner Tool with the End Face Pen provides for fast, easy and repeatable Combination Cleaning.

Features and Benefits

- Cleans connectors on back plane and on jumpers
- Uses Combination Cleaning process for first time cleaning, every time
- Used to meet or exceed IEC 61300-3-35, IEC TR62627-01, and Telcordia GR-2923-CORE and SAE
- Aerospace AIR6031.
- Effective for the widest range of contaminants
- Easy to use for quick and reliable cleaning
- Rugged and durable, great for all work sites
- Magnetic backing for easy rack placement
- Up to 800 cleanings per kit

Typical Applications

End Face Click Cleaner Tools are used with the Combination Cleaning process in Fibre Optic and Telecommunications applications for:

- End-face connector cleaning
- Cleaning patchcord connectors
- Cleaning bulk-head connections
- Specifically made for either 2.5mm, 1.25mm or MTP / MPO Connectors

Compatibility

The End Face Click Cleaners are compatible with most common cleaners such as End Face Pen, and Fibre Cleaning Liquid. However, with any cleaning agent compatibility must be determined before using with the End Face Click Cleaner and in field use.

Usage Instructions

Combination Cleaning process with End Face Click Cleaner

- Wet the End Face Click Cleaner fabric tip with a Fibre Optic Cleaning Pen, insert the Cleaner Tool tip into the connector, and push in the tool 2-3 clicks advancing the fabric from wet-to-dry, perfectly cleaning the end-face.
- Combination Cleaning eliminates all debris and contamination the first time, avoiding expensive rework and truck-rolls from bad connections.

HT-FPC-CC125 - Cleaning tool for MU and LC connectors

HT-FPC-CC250 - Cleaning tool for FC, SC and ST connectors

HT-FPC-CCMPO - Cleaning tool for MPO connectors
