

Earthing Kits

UFC/FDN/FML/FRBU Dome Closure Earthing Kits

Technical Description

A range of 3 earthing kits which are suitable for use with the FRBU, FDN/FML and UFC closures. The earthing kits are designed to meet the bonding needs of fibre optic cables which contain metallic strength members or armoured shielding. Each kit facilitates the bonding of up to 3 cables.

Features and Benefits:

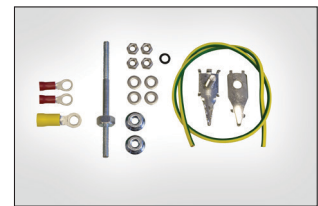

- Available in 3 versions
- Simple design, easy to install
- Used for fibre cables with metal armour protection or metallic support wires
