

Connectorised Closures

The connectorised FDN closure from HellermannTyton has been designed to offer engineers in Access Networks the benefits of speed and ease when connecting customers to their fibre optic network. Available in three lengths, the FDN closure offers a number of different splice tray and connector options.

Features and Benefits

- Quick and simple customer connection or disconnection
- Available pre-configured with LC or SC fibre pigtails
- Up to 64 fibre customer drops per closure
- Choice of 3 closure sizes
- SC or SE Tray options
- Pre-fitted splitter cassette options
- ID markers for easy customer identification
- Uses HellermannTyton's Cablelok - 100% Mechanical seal
