CA198 DCA – Dca EuroClass Cable - CAT6A F/FTP 500m

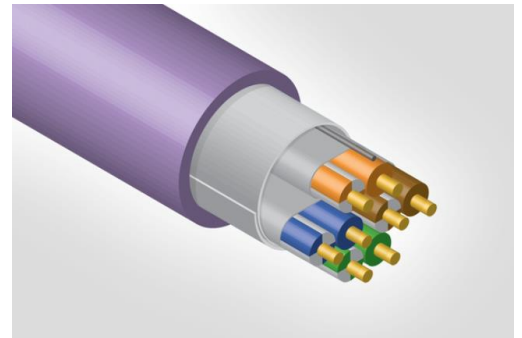

Product Withdrawal of Dca rated CAT6A F/FTP Cable ONLY

PRODUCT INFORMATION

HellermannTyton Connectivity will be withdrawing **CA198 Dca** with immediate effect. This relates to Dca rated CAT6A F/FTP cable on 500m reels.

HellermannTyton will no longer support Dca requirements for CAT6A, this streamlines our offering to CPR EuroClass Cca.

Website changes will be made in due course.

CA198 Dca

REASON

- BS6701:A1 2017 standards specify a CPR EuroClass of Cca, S1b, d2, a2
- CAT6A is predominantly a specified solution in the market.
- Most specifications reference BS6701 standards and rightly drive requirement towards a CPR EuroClass of Cca.
- Requirement for Dca CAT6A cable has therefore diminished

TECHNICAL DATA

- UNS: 851-05106
